DETAILED ACTION
Election/Restriction

1. This application contains claims directed to the following patentably distinct species of the claimed invention:

Species 1, Fig. 1;
Species 2, Fig. 2;
Species 3, Fig. 3;
Species 4, Fig. 4,
Species 5, Fig. 5;
Species 6, Fig. 6;
Species 7, Fig. 8 {2};
Species 8, Fig. 10,
Species 9, Fig. 19;
Species 10, Fig. 20
Species 11, Fig. 21;
Species 12, Fig. 25,
Species 13, Fig. 35;
Species 14, Fig. 39;
Species 15, Fig. 43;
Species 16, Fig. 46,
Species 17, Fig. 50;
Species 18, Fig. 58;
Species 19, Fig. 60;

wherein each Fig. defined by the current specification are deemed by the examiner to be separate embodiments, as defined by the Figs. and specification and claims.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

Currently, there is deemed to be no generic allowable claim or claims.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added.

An argument that a claim is allowable or that all claims are generic is considered non-responsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventor ship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventor ship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
